Dear Cousin,

I typed up the enclosed information about the descendants of my Great-Uncle Ernest, and am sending you a copy of what I have. I received most of this information from Dorothy, by way of my sister Florence (Mrs. J.P. Harding, Coralville, Iowa.)

Florence xeroxed Dorothy's letter, and I xeroxed it again. I am therefore afraid that there might be some errors in copying. If you find any, please accept my apologies.

It is my intent to include the information in the "YARWOOD NOTES" which I hope to put out in April. At that time, I will leave off all addresses - am including them only for our family.

Please send me a note with any corrections or additions that you have, intime so that I can type up the corrected info by April - I am not a fast typist.

Dorothy and Ethel already have copies of the "Yarwood" notes I have put out in the past, but I am sending copies to you other four for your information.

Just last night I received a picture from Ethel - it was taken at the old farm not too long before my Father (Bob Yarwood) died. Since he died in June 1935, it is fairly old. Includes quite a few of the older generation - Great-Uncle Charles; Carrie & Cyrus Barfoot, Ira Smith, etc. I find it pretty interesting, and am having a copy negative made so that I can send copies to my brother and sisters. Are any of you interested in a copy? *Get them already, so am sending one to you.*

I do my typing at the office, after work, while a "bull session" is in progress - listening with one ear - and it's time to leave. I'll Xerox this and the family info tomorrow and mail it out then.

Hoping that your New Year is a very good one, I am

Your cousin,

*Bill Yarwood*  
Bill Yarwood

*P.S.*

*Do any of you have any addresses for Aunt Bessie's or Aunt Laura's descendants? I have very little information, and no addresses at present.*  
*Bill*
